SWANN ACTS TO GET THAW HERE BY NEXT MONDAY

Believes Pittsburgher Is Being Held in Philadelphia by "Irregular Means."

District Attorney Swann and William Harmon Black, his assistant, are convinced irregular means are being pursued in Philadelphia to prevent the extradition of Harry Thaw to stand trial here for the alleged assault upon Frederick Gump Jr., whom

Thaw is also charged with kidnapping. They have been in communication with Gov. Brumbaugh of Pennsylvania, who, it is reported, is willing that Thaw should be brought to this State, but is insistent that it shall be done in a legal way. Brumbaugh suggested that Swann and Black see the Attorney General of Pennsylvania. Swann wants Thaw brought here before next Monday, the day on which the lunacy proceedings, instituted by Thaw's mother, come up in Philadelphia.

The three alienists sent to Philadelphia by Swann to examine Thaw

were permitted to make only a superficial investigation and were refused an X-ray photograph of his head and blood specimens by order of James Gay Gordon, Thaw's attorney.

Two Persons Severely Burned.
While preparing breakfast in her home, No. 41 Wyckoff Avenue, Williamsburg, to-day, Mrs. Lillian Laassen spilled grease on the stove, and in an instant the apartment was on fire. In attempting to extinguish the flames, she was badly burned about the hands and body. Her husband, William Laassen, also was burned about the hands. Both were attended by a surgeon from St. Catherine's Hospital.

Lose Your Fat, Keep Your Health

Superfluous flesh is not healthy, neither is it healthy to diet or exercise too much for its removal. The simplest method known for reducing the overall body two, three or four pounds a week is the Marmola Method, tried and endorsed by thousands. Marmola Prescription Tablets, containing exact doses of the famous prescription, are sold by druggists at 75 cents for a large case, or, if you prefer, send for a large case, or, if you prefer, the Marmola Company, 868 Woodward Ave., Detroit, Mich. They are harmless and leave no wrinkles or flabbiness. They are popular because effective and convenient.—Advt.

A tone unequalled in depth, in artistic beauty, in absolute fidelity in every delicate quality by any phonograph of other make priced at \$100 or \$1000.

The Vocalion is supreme in tone quality!

Many of the world's greatest musical artists have heard this new phonograph. Not one has denied that it marks a wonderful advance in the reproduction of musical sound.

The Vocalion has found immediate and wide favor among the most discriminating classes in America. In Europe it has received Royal honors accorded only to products representing distinct

achievement in the fields of Art and Science. It is truly a beautiful musical instrument constructed upon the phonograph principle.

And those who are won by the fine tonal qualities of the Vocalion will find these qualities enhanced by a delightful new privilege. With the Graduola—the revolutionary Vocalion expression device—each note of voice or instrument is your own. You may mould it, shade it as you please. Play each record with your own individual expression—or the Vocalion will play itself as any other phonograph when you wish.

The present terms offer is so liberal that there is no need for anyone to be satisfied with an instrument less worthy than this supreme phonograph.
